NAYOMI VINDYA

Full-Stack Developer

nayomivindya711@gmail.com | Linkedin | GitHub | Portfolio| 0763195356

PROFESSIONAL SUMMARY

GitHub Link API design, and database systems. Hands-on experience in building scalable web applications using Java Spring Boot and Python, alongside modern cloud deployment and containerization technologies. Adept at translating complex requirements into clean, efficient code and eager to contribute analytical problem-solving skills to a Software Engineering role.

SKILLS

- Java
- Python
- React / Node.js
- Git & GitHub
- MySQL
- HTML5 / CSS3
- REST API
- Spring Boot
- MongoDB

PROJECT EXPERIENCE

Zero Waste - AI-Powered Surplus Food Redistribution System GitHub Link

- Developed a centralized AI web platform connecting supermarkets with NGOs and charities to redistribute near-expiry surplus food and minimize waste.
- Implemented an AI priority smart allocation mechanism based on urgency, beneficiary location, and capacity alongside AI predictive models for surplus forecasting.
- Built real-time monitoring dashboards, QR-code collection ticketing, and an interactive chatbot assistant.

Attendance Pulse - Student Attendance & Grade Management System GitHub Link

- Developed a full-stack web application using Java Spring Boot and MySQL to automate student attendance tracking, administrative tasks, and academic performance analysis.
- Built an interactive dashboard featuring real-time metrics, class distribution charts, attendance trend visual analytics, and exportable PDF reporting.
- Implemented dynamic student management with CRUD operations, real-time daily attendance tracking, and subject-wise exam grade tracking with auto-calculated letter grades.

BloodLink - Emergency Blood Donor Finder GitHub Link

- Developed a full-stack emergency blood donor finder web application to seamlessly match donors with urgent requests.
- Implemented secure authentication, backend API services, and interactive database queries for donor location matching.
- Containerized application services using Docker and Docker Compose for easy deployment and scaling.

EDUCATION

Institute of Technology University of Moratuwa *(Feb 2025 – Present)*
Information Technology (Final CGPA: Pending)

SIBA Campus Sri Lanka *(2024)*
Diploma in English

Poramadulla Central College *(2019 – 2021)*
G.C.E. Advanced Level Examination (Physical Science Stream)
